

4511 Conloc adhesives		
5095001	CONLOC-UV glue 651 100g Glass-Clear/tension 15N/mm2	
5095000	CONLOC-UV glue 651 20g Glass-Clear/tension 15N/mm2	
5096101	CONLOC-UV glue 665 100g crystal clear/tension 15N/mm2	
5096100	CONLOC-UV glue 665 20g crystal clear/tension 15N/mm2	
5096012	CONLOC-UV glue 680 100g crystal clear 26N/mm2	
5096011	CONLOC-UV glue 683 100g crystal clear 26N/mm2	
5096010	CONLOC-UV glue 683 20g crystal clear 26N/mm2	
5095401	CONLOC-UV glue 685 100g Glass-Clear/tension 28N/mm2	
5095400	CONLOC-UV glue 685 20g Glass-Clear/tension 28N/mm2	
5095301	CONLOC-UV glue 688 100g Glass-Clear/tension 23N/mm2	
5095300	CONLOC-UV glue 688 20g Glass-Clear/tension 23N/mm2	

4511 Conloc adhesives		
5095501	CONLOC-UV glue 690 100g Glass-Clear/tension 16N/mm2	
5095500	CONLOC-UV glue 690 20g Glass-Clear/tension 16N/mm2	
5096112	CONLOC-UV glue red 665 20g	
5096111	CONLOC-UV glue 665 red 100g	
5096122	CONLOC-UV glue blue 665 20g	
5096121	CONLOC-UV glue 665 blue 100g	
5096132	CONLOC-UV glue green 665 20g	
5096131	CONLOC-UV glue 665 green 100g	
5096142	CONLOC-UV glue yellow 665 20g	
5096141	CONLOC-UV glue 665 yellow 100g	
5096152	CONLOC-UV glue black 665 20g	
5096151	CONLOC-UV glue 665 black 100g	

4511 Conloc adhesives		
5096200	CONLOC-UV glue 665 Set 5x20g set with all Colors	<p>CONLOC UV 665 farbig</p>
5097001	CONLOC-Aktivator 20g for working with UV-665+683	<p>CONLOC Aktivator 953</p>
5097000	CONLOC-Aktivator 100g for working with UV-665+683	<p>CONLOC Aktivator 952</p>
5097200	CONLOC-Work needel rosa 0.6mm	
5097300	CONLOC-Work needel braun 1.3mm	
5097500	CONLOC-Special cleaner spray 400ml	<p>CONLOC 901</p>

4512 Bohle adhesives		
5099000	VERIFIX-UV glue LV 740 20g	
5099001	VERIFIX-UV glue LV 740 100g	
5099010	VERIFIX-UV glue MV 760 20g	
5099011	VERIFIX-UV glue MV 760 100g	
5099100	UV glue B 665-0 20g	
5099101	UV glue B 665-0 100g	

4513 Application UV adhesives

5099500

UV-Fusion-Bond Applica 200 g

4514 UV lamps		
5098400	UV small lamp 4 W	
5098401	Replace tube UV lamp 136mm 4W	
5098500	UV-Lamp 18W 62cm inclusive cable + tube	
5098501	Replace lamp UV 18W	
5098502	UV-Lamp 18W 62cm inclusive cable + tube	
5098503	Replace lamp UV 18W 90cm	
5098504	UV-Lamp 30W 92cm inclusive cable + tube	

4520 Adhesive tapes		
4260001	Spacer for Isolated Glass 12,7mm VE: 34m length	
4260002	Spacer for Isolated Glass 15,9mm VE: 28m length	
4260003	Spacer for Isolated Glass 19,1mm VE: 20m length	
4260010	Vapour BarrierGlass 12mm VE: 50m length	
4260011	Vapour BarrierGlass 16mm VE: 50m length	
4260012	Vapour BarrierGlass 19mm VE: 50m length	
4717001	Tape white 3M 33 m/1,1 mm	
4717200	Tape clear 3M 33 m/1,0 mm	
4717400	Tape clear 3M 16 m/2,0 mm	

4520 Adhesive tapes

4720050	Tape, heat resistant W 20mm x 100m	
4720055	Tape, heat resistant W 30mm x 100m	
9920951		

4530 Epoxy resin		
5090650	TEC Gun Professional Cartridge Extruder for 310 ml units	
5094000	Tool handset for Epoxy glue	
5094001	Replacement nozzle EPX *	
5094010	Epoxidresin EPX 50ml two-part glue	

4540 Silicone		
4260020	Silicon Tremco PU540 310ml	
4260100	Pneumatic Sealant gun	
4260101	Clamps-Pack VE:6 pcs	
4260102	Sealant Guide 12,7mm	
4260103	Sealant Guide 15,9mm	
4260104	Sealant Guide 19,1mm	
4260199	Starter Pack Isolated Glass 3 spacer,vapour barrier tapes 12 tubes sealant, Pneumatic Gun, 3x sealant guides	
5090600	Silicon-glue glass-clear310ml	
5090601	Silicon-glue S10 clear310ml	

4540 Silicone		
5090652	<p>TRANS7 Bonding Sealant 50 ml transparent                      Durable transparent due to UV-filter                      solvent-free, odourless, non-toxic                      food safe, over coatable,                      really good UV resistance, bonds all materials,                      under 0° usable</p>	
5090653	<p>TEC7 Bonding Sealant 50 ml black                      solvent-free, odourless, non-toxic                      food safe, over coatable,                      really good UV resistance, bonds all materials,                      under 0° usable</p>	
5090654	<p>TEC7 Bonding Sealant 50 ml White                      solvent-free, odourless, non-toxic                      food safe, over coatable,                      really good UV resistance, bonds all materials,                      under 0° usable</p>	
5090660	<p>TEC7 cleaner 500ml                      degreasing metallic and non-metallic surfaces                      weld-finishing (glazing TEC7)                      non-pitting sensitive surfaces</p>	
5090661	<p>HP7 cleaner 1000ml                      Safely removes grease and organic dirt,                      is completely biodegradable                      corresponds to HACCP standards</p>	
5090662	<p>HP7 cleaner 5000ml                      Safely removes grease and organic dirt,                      is completely biodegradable                      corresponds to HACCP standards</p>	
5090663	<p>GT7-600                      rust solvent and lubricant - 600 ml tin</p>	
5090670	<p>TRANS7 Bonding Sealant 310 ml transparent                      Durable transparent due to UV-filter                      solvent-free, odourless, non-toxic                      food safe, over coatable,                      really good UV resistance, bonds all materials,                      under 0° usable</p>	
5090671	<p>TEC7 Bonding Sealant 310 ml White                      dry flexible hard rubber with 60 shore                      solvent-free, odourless, non-toxic                      resistant against mould fungus and bacteria                      food safe, over coating possible,                      really good UV resistance, bonds all materials,                      under 0° usable, under water usable</p>	

4540 Silicone		
5090672	TEC7 Bonding Sealant 310 ml Black dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090673	TEC7 Bonding Sealant 310 ml Grey dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090674	TEC7 Bonding Sealant 310 ml Light Grey dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090675	TEC7 Bonding Sealant 310 ml Beige dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090676	TEC7 Bonding Sealant 310 ml Brown dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090677	TEC7 Bonding Sealant, bag 600 ml White dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090678	TEC7 Bonding Sealant, bag 600 ml Grey dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090679	TEC7 Bonding Sealant, bag 600 ml Black dry flexible hard rubber with 60 shore solvent-free, odourless, non-toxic resistant against mould fungus and bacteria food safe, over coating possible, really good UV resistance, bonds all materials, under 0° usable, under water usable	
5090680	FLEX7 Bonding Sealant 310 ml White super-elastic, up to 40 mm open joint expandable up to 600% working temp. +5 to 40°C thermic stability -40 to +90°C	

4540 Silicone		
5090681	FLEX7 Bonding Sealant 310 ml Grey super-elastic, up to 40 mm open joint expandable up to 600% working temp. +5 to 40°C thermic stability -40 to +90°C	
5090685	X-TACK7 Bonding Sealant 290 ml White super fast and super strong non-drifting up to 40 mm joint	
5093000	Tool handset for Cox 2K 380ml	
5097600	Special Cleaner f. 2 K Silicon BO 5107910 250ml	
5097800	Verifix 2 K Silicone (P) with primer 2-component silicone adhesive	
5098000	Silgel 612 - 1 kg A+B (0,6+0,4 kg) 2-component silicone adhesive	
5098001	Silgel 612 - 5 kg A+B (3,0+2,0 kg) 2-component silicone adhesive	
5098050	Glassbeads 1,0-1,3 mm, 50g Fit-Up/Distance Aid for Silicon-Adhesive application	
5098051	Glassbeads 2 mm, 50g Fit-Up/Distance Aid for Silicon-Adhesive application
